## Walking in a Winter Wonderland #

**Saturday, February 11th,  
9:30 - 11:30am.  
\$5 per person \$12 per Family (max 4)**

Come and join us as Marc Welch, Newton's official arborist takes us on a guided winter tree walk. We will begin our walk at Newton Community Farm and head over to Nahanton Park before returning to the farm. Our walk will focus on identifying local tree species during the winter months and how the Farm has played a role in the 'treescape' we see today as well as thinking about how our own personal choices today may impact this aspect of our natural environment in the future.

A fun activity to be enjoyed by all during the winter months.

Please register for this event by visiting our website at;

[www.newtoncommunityfarm.org/education/classes](http://www.newtoncommunityfarm.org/education/classes).

### PLEASE NOTE:

*In the event of inclement weather on the day of the class or if there is too much accumulated snow the class will be re-scheduled for March. Please check our website before attending for an update.*

*The route and content of the class may be altered at the discretion of the instructor to reflect the conditions on that day.*

*Being a winter outdoor activity it is the responsibility of all participants to be dressed and prepared appropriately.*

Newton Community Farm is a 501 nonprofit organization. Our mission is to nurture a community that teaches and models sustainable agriculture and environmental practices on the historic Angino Farm.
